Join us at the EU-PAIR Conference 2024 to contribute to the advancement of skills development agendas in Europe and beyond, as we endeavor to build a more resilient, equitable, and prosperous future for all.

Nicolas Schmit, Commissioner for Jobs and Social Rights, remarked: "The skilling of our workforces is one of our central responses to the recovery, and providing people the chance to build the skillsets they need is key to preparing for the green and digital transitions. It gives everyone the possibility to benefit from new opportunities in a fast-moving labour market."
